

Your Monthly Connection to the City of Liberty Lake

Liberty Link

October 2007

Mayor's Message

The 6th season of the Liberty Lake Farmers' Market has been a tremendous success. The market is an important part of Liberty Lake's economic and social well-being. Bridging farmers with the urban community, the market connects customers with farm fresh produce, artisans and other producers, strengthening the economic viability of local farms and contributing to the health of the Liberty Lake community. This year market patrons had the opportunity to experience a variety of festive activities including music, chef demonstrations, and the unveiling of a new sculpture created by local artist Harold Balazs.

I would like to take this opportunity to thank the farmers, vendors, artisans, Greenstone Corporation, and hundreds of visitors for making this market season a success. My wife, Charmaine, and I greatly enjoy working alongside the farmers and vendors at the market, as well as serving crepes to our customers.

I am pleased to report that the Saturday market will be extended to October 13th. For directions and information please go to SPOKANEMARKETS.ORG or contact City Hall at 755-6700. We look forward to seeing you there!

Mayor Steve Peterson

with a tree planting at Pavillion Park
Friday, October 12th,
at 4:00 p.m. at Pavillion Park,
Southwest of Pavilion*

APA / PAW 2007 Joint Awards Program Honorable Mention

The City of Liberty Lake is proud to have received an Honorable Mention in the Implementation Category of the Washington Chapter of the American Planning Association & the Planning Association of Washington 2007 Joint Awards Program for the "Liberty Village" Specific Area Plan (SAP) Overlay. For the 22nd consecutive year, the associations have jointly honored outstanding contributions to the field of planning in Washington. The Award Program Goals were to recognize exemplary planning efforts in the State of Washington, promote superior quality planning at all levels of government and by the private sector, and to increase public awareness of the role of APA and PAW in planning in the state. "Liberty Village" is a neo-traditional master planned community, south of Appleway and east of Simpson Rd. in the City of Liberty Lake. "Liberty Village" is a visionary collaboration between the City, Sullivan Homes, and Whitewater Creek, supported by the design team of W&H Pacific, Storhaug Engineers, New Home Trends, Zeck Architects, and Iverson Architects. "Liberty Village" was approved by the City Council in the Fall of 2006 and it is the City's first adopted Specific Area Play Overlay. This Specific Area Plan Overlay District is a zoning overlay to allow for a mix of uses in a neighborhood/village environment designed to create a medium density residential district with a pedestrian friendly commercial and park area in a town square configuration.
